Experience

Cloud Junction

Cloud Junction Ambassador

July 2026

Remote

- Promoted technical programs and cloud-focused initiatives across the university network.
- Engaged with students to increase awareness and participation in technical programs and events.
- Supported the organizing team in conducting campus-wide technical workshops and community activities.

Projects

Bug Detector | React, Node.js, Express, MongoDB, Firebase, Tailwind CSS

August 2026

- Developed a full-stack application for detecting and analyzing programming errors across multiple programming languages.
- Built the frontend with React and backend with Node.js for source-code submission and automated analysis.
- Integrated MongoDB for data persistence and Firebase Authentication for secure user authentication.

Kvantum Room | React, TypeScript, Tailwind CSS, Vite, Firebase

February 2026

- Engineered a real-time collaborative study platform supporting 10+ concurrent user interactions through Firebase synchronization.
- Developed 5+ core modules, including real-time chat, AI-powered doubt solving, and a shared whiteboard.
- Built a 100% responsive interface optimized across desktop, tablet, and mobile devices using TypeScript and Tailwind CSS.

Crop Care | Python, TensorFlow, Keras, HTML, CSS, JavaScript

January 2026

- Built and trained a CNN model on approximately 3,000 images, achieving 92% classification accuracy across 5 classes.
- Improved model performance through image preprocessing and data augmentation techniques.
- Developed a web interface for real-time disease prediction and treatment recommendations.

Technical Skills

Languages: Python, JavaScript, TypeScript, SQL, HTML/CSS

Frameworks: React, Tailwind CSS, Vite, Node.js, Express.js

Databases: MongoDB, Firebase, Google Cloud Platform

AI/ML: TensorFlow, Keras, CNN, Machine Learning Fundamentals

Tools: VS Code, Git, GitHub

Relevant Coursework

- Data Structures & Algorithms
- Database Management Systems
- Software Engineering
- Object-Oriented Programming
- Artificial Intelligence

Education

PBR Visvodaya Institute of Technology and Science

Bachelor of Technology in Computer Science and Engineering

July 2024 – Present

Kavali, AP

Extracurricular

Hackathons & Coding Communities

Active Participant & Competitor

2024 – Present

University / Regional

- Ranked among the Top 50 teams out of 130+ participants in the Gitanjali College 48-hour Hackathon.
- Collaborated with multidisciplinary teams to design, prototype, and pitch software solutions under strict time constraints.
- Participated in technical workshops, hackathons, and coding programs to strengthen practical development skills.
