Experience

Cloud Junction July 2026
Student Ambassador *Remote*

- Promoted technical programs and cloud-focused initiatives to increase student awareness and participation.
- Supported campus technical activities, workshops, and student community engagement.
- Shared program updates and opportunities with students to encourage participation in technical initiatives.

Projects

Roomora | *React, Tailwind CSS, Node.js, Express.js, Gemini AI* Project Link

- Developed an AI-powered interior design application providing personalized room improvement suggestions based on user preferences.
- Built a responsive React interface and integrated a Node.js and Express.js backend for AI-powered design assistance.
- Designed features for room-style exploration, budget-based recommendations, and AI-assisted room redesign.

Bug Detector | *React, Node.js, Express.js, MongoDB, Firebase* Project Link

- Developed a full-stack application for detecting and analyzing programming errors across multiple languages.
- Integrated automated source-code analysis with a React frontend and Node.js backend.
- Used MongoDB for data persistence and Firebase Authentication for user sign-in.

Crop Care | *Python, TensorFlow, Keras, HTML, CSS, JavaScript* Project Link

- Built a CNN model trained on approximately 3,000 images, achieving 92% classification accuracy across five classes.
- Applied image preprocessing and data augmentation to prepare training data.
- Developed a web interface for crop disease prediction and treatment recommendations.

Technical Skills

Languages	Python, JavaScript, TypeScript, SQL, HTML/CSS
Frameworks	React, Tailwind CSS, Vite, Node.js, Express.js
Databases	MongoDB, Firebase
AI/ML	TensorFlow, Keras, CNN, Machine Learning Fundamentals
Tools	VS Code, Git, GitHub, Google Cloud Platform (GCP)

Relevant Coursework

Data Structures & Algorithms | Object-Oriented Programming | Database Management Systems
Artificial Intelligence | Software Engineering

Education

PBR Visvodaya Institute of Technology and Science July 2024 – Present
B.Tech in Computer Science and Engineering *Kavali, Andhra Pradesh*

Achievements & Activities

- Ranked among the Top 50 teams in a Gitanjali College hackathon with 130+ participants.
- Collaborated with multidisciplinary teams to design, prototype, and present software solutions during hackathons.
- Participated in technical workshops, hackathons, and student development programs.
